

DEXA QUESTIONNAIRE & AUTHORIZATION

(Office use)

DATE: _____

Height: _____ Weight: _____ Ethnicity: _____

PRESENTING SYMPTOMS (Reason for today's examination): _____

Allergies: Latex Other _____

Is there any possibility that you are pregnant? Yes No

You are here for an bone densitometry (DEXA) examination. DEXA uses x-rays to create images of the internal organs/tissues of your body.

Although radiography does use radiation, the doses are very small and DEXA is considered safe. However, if you are or think you may be pregnant, please inform our technologists.

If you require any explanation about your examination or your visit to our practice, please ask any of our staff members or technologists. Your comfort is important to us and we want to address any questions and/or concerns you may have.

I authorize Weill Cornell Imaging at NewYork-Presbyterian, its physicians and other staff to perform the prescribed examination.
