

The **Weill Cornell Imaging at NewYork-Presbyterian Cloud**, powered by Ambra, is a new cloud-based imaging sharing platform that allows providers and physicians to access finalized reports and view images **faster** and more efficiently than ever before. Thanks to this new diagnostic viewer, imaging can be accessed **securely** anytime, anywhere. All that is needed to get started is an email address!

Please review the guide below on how to set-up an account, log in, view and download studies in our new Cloud. For any technical questions or concerns, please contact Ambra support directly at **888.315.0790**. For all other issues or to be connected with your dedicated Radiology Services Liaison, please call **212.746.6000**.
